VOLUNTEER OPORTUNITIES

To All our Exley Parents,

Welcome Back ! Catch the Exley Fever!

We have many outstanding programs for you to be involved in as much or as little as you want. We have programs for stay at home parents, working parents, even grandparents. These programs are only possible by parental involvement and are run by volunteers like you and I. Volunteering in your child's school, in any way you can, excites your child, keeps your child involved in his/her learning process and encourages pride in your child's school!

Below is a listing of current volunteer opportunities, you will find a brief description for each below. Place a check next to your areas of interest and leave this with the teacher. Take the descriptions with you. A coordinator will contact you to discuss the program in more details very soon.

Thank you and with your help we can make this Exley's Fifth Year the best ever!
